

BRAKE SYSTEM

32150-01

PRECAUTION

- Care must be taken to replace each part properly as it could affect the performance of the brake system and result in a driving hazard. Replace the parts with parts having the same part number or equivalent.
- It is very important to keep parts and the area clean when repairing the brake system.
- When air remains in the brake line or disconnecting the brake line, bleed the air.
- Wash brake fluid off immediately if it adheres to any painted surface.
- Prevent brake fluid from adhering to electronic parts.
- If the vehicle is equipped with a mobile communication system, refer to the precaution in the INTRODUCTION section.
- When disconnecting the negative (-) battery terminal, initialize the following system after the terminal is reconnected.

System Name	See Page
Power Window Control System	01-5
