AMP MUTE SIGNAL CIRCUIT (FROM RADIO RECEIVER ASSY)

CIRCUIT DESCRIPTION

This circuit sends the signal to the stereo component amplifier to mute the noise. Because of that, the noise produced by changing the sound source ceases.

If there is an open in the circuit, noise can be heard from the speaker when changing the sound source. If there is a short in the circuit, even though the stereo component amplifier assy is normal, no sound or only extremely small sound can be produced.

INSPECTION PROCEDURE

1 INSPECT STEREO COMPONENT AMPLIFIER ASSY

(a) Measure the voltage according to the value in the table below.

Standard:

| Ι | Tester connection | Condition | Specification |
|---|-------------------------------|---|-------------------------|
| | MUTE (S15–1) – Body ground | Power switch ON (ACC), Audio system is playing \rightarrow Changing | Above 3.5 V → Below 1 V |

NG Go to step 2

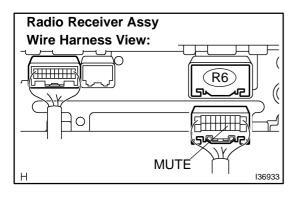

PROCEED TO NEXT CIRCUIT INSPECTION SHOWN IN PROBLEM SYMPTOMS TABLE (SEE PAGE 05–1778)

Author: Date: 1974

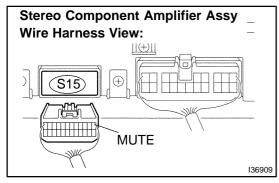

2 CHECK HARNESS AND CONNECTOR (RADIO RECEIVER ASSY – STEREO COMPONENT AMPLIFIER ASSY)

- (a) Disconnect the radio receiver assy R6 connector and stereo component amplifier assy S15 connector.
- (b) Measure the resistance according to the values in the table below.

Standard:

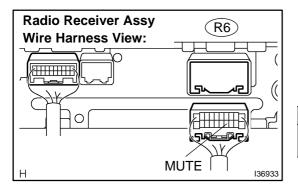

| | Tester connection | Condition | Specified condition |
|--|-------------------------------|-----------|-------------------------|
| | MUTE (R6-7) - MUTE (S15-1) | Always | Below 1 Ω |
| | MUTE (R6–7)– Body ground | Always | 10 k Ω or higher |

NG REPAIR OR REPLACE HARNESS OR CONNECTOR

3 INSPECT RADIO RECEIVER ASSY

- (a) Reconnect the stereo component amplifier assy connector.
- (b) Measure the voltage according to the value in the table below.

Standard:

| Tester connection | Condition | Specification |
|------------------------------|-----------------------|---------------|
| MUTE (R6–7) – Body ground | Power switch ON (ACC) | Above 3.5 V |

NG

REPLACE STEREO COMPONENT AMPLIFIER ASSY (SEE PAGE 67-25)

OK

REPLACE RADIO RECEIVER ASSY (SEE PAGE 67-5)
